

How to Use the Store Name Badge Form

1. Each badge on a sheet is numbered (1-20). Select a badge on the sheet that has not yet been printed.
2. Type the associate / manager name, then select the appropriate Title and Years of Service.
3. Once you have added up to 20 badges, print Page 2 of this document to the full-serve color copier.

Badge sheets can be printed on multiple times. Do not discard sheets until all badges are printed.
